LATE REPORTS SAID THAT EXECUTIONS HAD BEEN DE-
LAYED.

FROM THIS SIDE OF BORDER
MAY HAVE EFFECT.

(International News Service.)
El Paso, Nov. 13.—Three Americans sentenced by Carranza authorities to die at dawn still were alive early today, while renewed efforts were being made from this side the border to save their lives.

Albert Harrold is held in jail at Chihuahua as a cattle thief. Joseph Williams, who supplied Gen. Pershing with feed, is held at Juarez on the same charge. Benj. Brohna, Pershing scout, also is in jail at Juarez. He is accused of being a Villa spy.

Despite Gen. Trevino's announcement that he would remain in Chihuahua City and defend it against the approaching Villistas, the arrival here today by trainloads of troops indicate that the evacuation of the city is already under way.

Price of London Times Will Be Increased Soon

London, Nov. 13.—The price of the Times will be increased to 3½ pence after November 20, and other important daily newspapers probably will follow suit, says the weekly dispatch. Owing to the cost of production, it adds, a number of leading newspapers are being conducted at very heavy losses.

Judge Harry Toulmin Is Dead at Mobile

Mobile, Ala., Nov. 13.—Judge Harry Theophilus Toulmin, United States court, southern district of Alabama, died last night at 9 o'clock at his home in Toulminville. He was stricken with paralysis last Friday. This December he would have served 30 years on the federal bench. Recently he notified President Wilson of his intention to retire Dec. 1, but his resignation had not been accepted.

Dr. Geo. Eaves Lectures Here Thursday Evening

Athens to Celebrate Wilson's Reelection in Old Fashioned Way

According to Henry Malone and other enthusiastic citizens of Athens, a democratic rally to make all others in North Alabama look "like thirty cents" will be staged in the capital of Limestone county Tuesday night.

Among the speakers who have been invited are three congressmen and several others. The congressmen are Edward B. Almon, of Tusculum, who never lost hope of President Wilson's re-election; Tom Hefflin, of Lafayette, who predicted a Wilson landslide; and W. B. Bankhead, who was elected in the new Tenth district. Other speakers will be Solicitor David B. Almon and Gen. W. W. Brandon. A great parade will be given in which democrats of all creeds will take part. Three bands will play. Democrats of Albany and Decatur are invited to attend.

ANOTHER LINK FORGED IN THE
CHAIN OF STEEL ABOUT
BAPAUME.

(International News Service.)
Petrograd, Nov. 13.—Vigorous fighting in every quarter of the Roumanian theatre of war is reported in dispatches arriving here today.

Progress has been made on both sides, but according to Bucharest the main success lies with the Russo-Roumanian forces. In the sector of Trots salient the Russo-Roumanians have captured two mountain heights, but lost ground in the Jial valley.

TWO ENCIRCLING MOVEMENTS

BY ALLIES ON SOMME FRONT
(International News Service.)

Paris, Nov. 13.—Two encircling movements are now being carried out on the Somme front by the allies.

One is directed against Bapaume and the other against Chaules.

Both British and French troops are taking part in the operations in front of Bapaume. Only French troops are attacking at Chaules.

There has been strong artillery activity both north and south of the Somme during the night. The Germans bombarded the French position at Sailly Saillisel, which is now entirely in French hands. The capture of this position is another important link forged in the chain of steel which the allies are trying to throw around Bapaume.

OVERTON WILL BE TRIED THURSDAY IN LAWLER CASE

Huntsville, Ala., Nov. 13.—The regular term of the circuit court, at which it is believed David D. Overton will be tried for the murder of Judge Lawler, was opened today by Judge B. M. Miller of Camden, who has been designated to preside in the place of Judge Robt. Brickell. Judge Miller empanelled the grand jury and charged that body for more than an hour especially emphasizing the sacredness of human life and liberty.

Judge Miller is expected this afternoon to issue an order for Overton to be brought here for arraignment, probably Wednesday or Thursday and at that time the case probably be set for trial.

Judge B. M. Allen, chief counsel for Overton, arrived today. A sharp legal battle is expected. It is understood the defense will question the right of a special grand jury and judge to try Overton and the right of the attorney-general to prosecute the case and take it from the hands of the local authorities.

WADSWORTH MAKES DEEP IMPRESSION PRESIDENT WILSON BACK AT CAPITAL

GADSDEN BANKER TALKS TO THE
MEN SUNDAY AT THE
Y. M. C. A.

J. B. Wadsworth, of Gadsden, chairman of the state committee of the Y. M. C. A. brotherhood of Alabama, addressed an interested company of men at the local association yesterday afternoon on "Excuses," which, according to the speaker, are best defined as "lies." Mr. Wadsworth, who is a banker, said he was recently upbraided for letting a would-be borrower "down hard," in refusing a loan. His reason for so doing was: "Well, I was not going to lie about it by using the old excuse that we did not have the money."

Mr. Wadsworth made his scripture reading a verbatim declamation, which he delivered with force and unction from that part of St. Mark's gospel which gives the excuses of those who were bidden to the good man's feast. Of the man who said he must "prove a recently bought yoke of oxen," Mr. Wadsworth said in effect that the man in the Bible was a liar, for whoever heard of a man paying the money for a thing before he had made a thorough examination? The same was said of the man who said he had bought land and must go and see it. And as for the man who said he had recently married and so could not go—he was made out to be a liar also. "for whoever heard of a bride that did not wish to go to a nice place as an invited guest?"

The upshot of what the speaker said was that those who give any line of excuses for rejecting Christ were in the last analysis failing to be true to the best and highest law of their being. In concluding the speaker said: "I don't like to go up and down the state just beating the bushes, so to speak. I want something definite. Now, how many will solemnly promise me by taking my hand that you will stop making excuses, and face the facts of life as they are?" All those present went forward and so pledged. The speaker then followed this pledge with a call for non-Christians to accept Christ.

Expressions Used by Mr. Wadsworth. "Men, it is a serious thing to say 'no' to God."
"Excuses were first made in Eden."
"The devil is the past-master excuse maker."
"Men, the time is coming when excuses won't go."
"Hell shall sweep away your lies."
"Does a Christian give up pleasure? No! I want to drive that lie back into hell, where it originated."
"God says the way of the transgressor is hard. And Christ says his burden is light and his yoke easy."
"The just shall glow brighter and

GERMANY DEMANDS RETURN OF PAPERS TAKEN FROM SPY

CLAIMED THAT CAPTURED DOCUMENTS WERE OFFICIAL EMBASSY PAPERS.

(International News Service.)

Washington, Nov. 13.—A diplomatic issue today threatened to grow out of the arrest here of Armgard Karl Graves, self-styled international spy.

Officials of the state department are expecting the German foreign office to make an immediate demand that the department of justice surrender copies of the documents found in Graves' possession on the ground that the papers were embassy property and that officials of the government were outside their rights when they read the documents.

The matter already has been reported to Berlin by Count Von Bernstorff. Should this government comply with the request, which is expected will be done, the principal evidence against Graves would be lost.

The criminal charge of blackmailing against him probably would result in his immediate deportation from this country without a prison sentence being imposed.

Danger of Clash With Germany Blows Over

OFFICIAL INVESTIGATION OF SUBMARINE INCIDENTS FINDS WERE EXAGGERATED.

(International News Service.)

Washington, Nov. 13.—Broad investigation by American diplomats in London and Berlin have to date revealed that incidents of the new German submarine warfare which threatened relations between Washington and Berlin, growing out of the sinking of the British steamers Marina, Rowanmore, Arabia and the American steamer Columbian have been greatly exaggerated. Fears of a break are dissipated by official reports containing more accurate information.

Press dispatches from Paris state that the Columbian was held two hours before being sunk, so the crew could be safely put into small boats. This was accepted by state department officials as removing all probability that a diplomatic issue would result from the submarine attack on that vessel.

COMMERCE BOARD ELECTS OFFICERS WEDNESDAY NIGHT

Mayor Nelson Sounds Final Warning to All Speed Maniacs

Mayor Nelson, of Decatur, has issued his final warning to the speeders who have been using Bank, Lafayette and Lee streets as speedways. He says that he has been too lenient with them in the past and that they are beginning to think that the streets are open for trials at breaking speed records.

The ordinance which the city of Decatur published sometime ago placed the speed limit on Bank street at not more than fifteen miles per hour and on Lafayette at twelve miles per hour, and that in turning from one street into another the speed shall not exceed eight miles per hour.

Mr. Nelson is determined to break up the reckless driving in Decatur and intends to fine all offenders to the extent of the law.

Democratic Treasurer Says He Needs \$275,000
to Cover Deficit in Party Treasury

(International News Service.)

New York, Nov. 13.—Chas. Hughes has not yet conceded the election of President Wilson. Mr. Wilcox, the National Republican Chairman, today said he had been in long distance conversation with Chester Rowell, Republican Chairman of California, and that Rowell would not yet concede the state.

Wilbur Marsh, Treasurer of the Democratic National Committee, said today that the Democratic organizations in 2,000 towns would be asked to contribute \$100 to help clear up the party deficit of \$275,000.

(International News Service.)

New York, Nov. 13.—With President Wilson's plurality in California unofficially standing at 3,621, official tabulation of the vote for president in this state began today before the election commissioners of San Francisco and Los Angeles counties and before the boards of supervisors in other counties.

There is little talk of fraud and consequently small hint that a recount might be demanded by the republicans although decision on this is being held in abeyance for the outcome of the tally.

The republicans are pinning their hopes on minor changes in many precincts. They point out that an average of one in every other one of the 5,870 precincts would more than do this.

They also are hoping that Carlston, the leading republican elector may get enough votes in the final count to send him to the electoral college, leaving the democrats with only 12 electors instead of a solid delegation.

HUGHES' LEAD ONLY 250 IN MINNESOTA
St. Paul, Nov. 13.—Chas. Evans Hughes lead in the count of Minnesota votes has been cut to 250 by the vote of the guardsmen on the Mexican border, according to latest figures available today.

The figures stand: Hughes 178,810; Wilson 178,569.

Peace Evangel Has Hot Word For Lansing

(International News Service.)

Washington, Nov. 14.—Arthur Deering Call, secretary of the American Peace Society, in a public statement today charged the state department with laying the basis for disruption and civil war in Central America.

Mr. Call reprimanded this government for not officially accepting the ruling of the Central American court of justice which recently held that the Nicaraguan Canal and Fonseca naval base concessions to the U. S. were illegal.

Secretary Lansing has so far declined to accept the verdict of the court.

GARFIELD, SON OF MARTYRED LEADER, MAY BE IN CABINET

(International News Service.)

Washington, Nov. 13.—Leaders of the progressive wing of the democratic party were authority today for the statement that President Harry A. Garfield of Williams College is being considered as a member of the new cabinet to be formed at the second inauguration of President Wilson.

It was said the subject was discussed informally by the President and Mr. Garfield during the President's short stay at Williamstown last week.

Mr. Garfield is a son of the martyred president.

AMERICA WILL STAND FOR NO POLITICAL WARWICKS.

The recent election demonstrated very thoroughly that the American people feel fully equal to the task of managing their own affairs without the assistance of any individual who may pose as a "king maker." The reference is to Col. Theodore Roosevelt, the man who made and unmade William Howard Taft, and who then tendered his good offices to Charles E. Hughes. Had he been successful in his third attempt to direct presidential destinies, it is not improbable that four years hence the Doughty One would have been the beneficiary of his own benevolence.

Roosevelt's persistent interference with national affairs was not so reprehensible as the methods he used. He played upon the passion of the voters for progressive government, denounced reactionaries and kindled a hearty regard for freedom of political thought and action. Then four years later he swallowed his own words, betrayed his own policies and aligned himself with the very worst element of the republican party in a movement to foist upon the nation the greatest "stand pat" of them all. This was the menace of personality, and it is well for the country that it has been removed.

One weakness of the popular form of government is the proneness of the masses to follow blindly the leadership of some man with an extraordinary capacity for sugar-coating dangerous doctrines. The inevitable consequence is that the people are likely to be betrayed by this political hero with the powerful pull. They are likely to lose sight of issues; to forget that there are higher considerations than the mere welfare of a lone individual. There can be but little independence of thought and action if the power to do all the thinking and acting is delegated to an irresponsible person who during one campaign advocates certain measures and during the next repudiates them.

There are millions of good Americans who rejoice at the election of Wilson. There are also millions who are pleased with the overthrow of Rooseveltism.

THE FUTILITY OF CONTESTING.

The Daily does not believe, until we see it in cold print from the lips of Chas. E. Hughes, that the republicans will contest the election of President Wilson. As the race now stands the president has unquestionably carried California, New Mexico and New Hampshire and the odds on Wilson carrying Minnesota are favorable to the democrats. The president has a clear majority in the electoral college.

But the big fact that stands between

Hughes and the presidency is that President Wilson has polled a popular majority over Hughes of something like 500,000 votes. He has polled the largest popular vote ever given a candidate in the United States, and in the world for that matter. It was indeed a landslide just as the Daily predicted despite the fact that the electoral vote is close.

For the republicans to contest in the face of this fact would be silly. Contests are not at all popular with a rank and file of the people of this country. They like a game loser.

A contest would not only be silly from this fact, but because of another condition that exists, and that is the democrats control the administration machinery and there is not going to be any more Hayes-Tilden scandals in the United States. The republicans stole one election straight out after the polls had closed, but they will not do it again.

THE I. N. S. FIRST.

The International News Service showed a clean pair of heels to all competitors in handling election returns. This was especially true of the final shown down. Thursday evening at 6 o'clock the Daily announced that Wilson had carried California and was elected, and on the strength of this statement the Daily issued its extra edition adorned with democratic roosters. It was 10:30 o'clock of the same evening before the Associated Press conceded that Wilson had won four and one-half hours later. It was 10:30 before the Birmingham Age-Herald turned on its flash light announcing the Wilson triumph. It's going some when Albany and Decatur know definitely the result of the closest presidential race in half a century more than four hours before Birmingham.

Secretary Baker said he desired to serve as secretary of war one year only. If he resigns the Daily announces here and now it would like to see Vance McCormick get the job. The democratic campaign manager is not excelled as a practical strategist and first-class fighting man.

Without any malice at all toward Mr. Hughes, the Daily believes he was not fit to be a supreme court justice anyway. He proved himself too prejudiced and bitter in the campaign. He lacks the judicial poise his silence seems to give him.

Let's buy Mr. Hughes a loving cup for going to California on his speaking trip. And then let's give a nice present to the women on the "golden special train," who toured the west. Both helped Wilson.

Irvin Cobb said it all when he declared there were two reasons for electing Wilson. One reason was Wilson and the other was Hughes.

Wilson is president of all the people; Hughes would have been president of New York and Indiana.

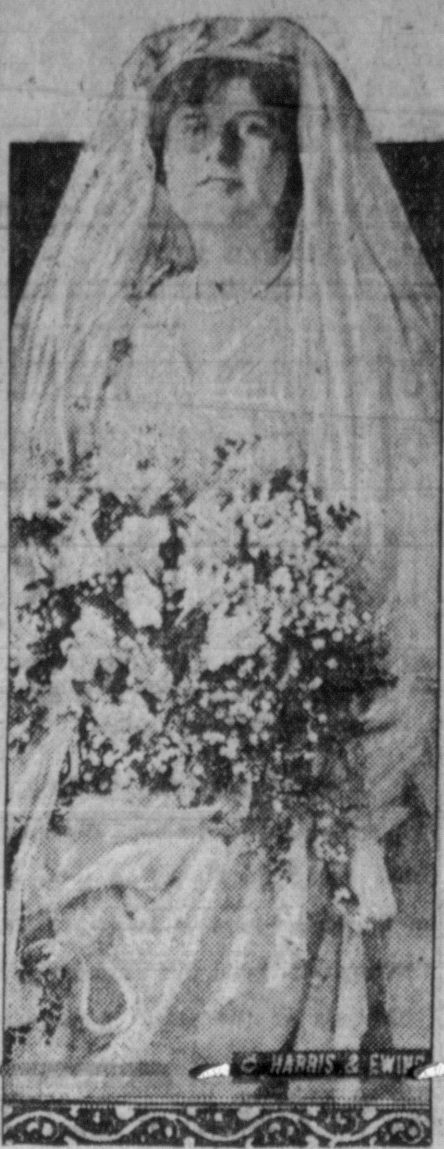

If we ever move away from Alabama, we're going to live in California, now that it is democratic.

Happy thought for today: There won't be another election for almost two years!

"Excuse me," says Teddy, speaking of Hughes' defeat. That doesn't sound like a Bull Moose roaring.

We'll be disappointed if Vance McCormick isn't in the next cabinet.

Prince Boncompagni will come into full control of half the large Draper fortune at the age of twenty-five, two years hence. The Do-rager Queen Margherita of Italy was her godmother. Prince Boncompagni is descended from a noted family, is thirty-two years of age, and an officer in a crack Italian cavalry regiment. A World's Temperance Day pro-
gram, in charge of Mrs. W. H. Win-
ton, school temperance superintend-
ent, and Mrs. Virginia Graham, pres-
ident of the local W. C. T. U., was
presented at the Central M. E. church
Sunday with much success and profit.
Appropriate music was rendered, one
number being a solo and chorus by
the intermediate, or popularly called
teenage department. When the choir
had reassembled in the auditorium
for the closing exercises, the retiring
pastor, Rev. R. I. Walston, gave a
stirring talk on some of the interest-
ing phases of temperance work.

The superintendent asked how
many of the teenage pupils had signed
the triple pledge, and one hundred
arose. The school, that filled the
auditorium, was asked to rise and
give the Chautauque salute, that
was responded to with insur-
ring alacrity. Five persons gave
their names as new members of the
W. C. T. U., and five mothers took
the mother's pledge, making their
young children white ribbon re-
cruits.

brighter, even until the perfect day."

A Deep Impression.

Over those that followed him the speaker wielded a powerful influence. "Amens" were frequent, and there was spontaneous assent when the speaker declared that his chief interest in the national election had centered about the fight to banish alcohol from seven states, and also when he dramatically declared that the open saloon should never come back to Alabama. Another thing that caught his audience was when the speaker said he didn't like to be thought of as a "good man" so much as one who was "trying to be a good man."

Those taking an active part in the meeting were Secretary Randle, who introduced Mr. Wadsworth in graceful language; Mrs. Herman Troup, who played the accompaniments; Otto

HARTSELLE BLACK AND BOOTY NABBED

CLEVER WORK RESULTS IN ARREST OF ALLEGED THIEF AT CHATTANOOGA.

Hartselle, Ala., Nov. 13.—(Special.)

One of the negroes who broke into the store of D. W. McNeill Thursday night was caught in Chattanooga Saturday morning following some clever detective work on the part of the police here. It was at first thought the robbers failed to make a getaway with the goods as they were surprised in the midst of operations by F. J. Percy, night police, at 12:30 Thursday night, who put them to flight and then gave chase.

Mr. McNeill found that quite a lot of stuff was missing when he had time to check up. Chief of Police J. C. Rogers found a McNeill suit case

in the express office at Decatur which was being shipped by express to Chattanooga. Upon examination the suit case was found to be filled with shoes, satin skirts, crepe waists, etc. The contents were removed the empty case went on to its destination on the same train which carried the chief of police, who immediately upon his arrival at Chattanooga made arrangements with the express people to contrive a closed in place wherein the addressee would call for the suit case.

Bright and early at 7:30 Saturday morning the negro walked in, and was given the suit case. He was evidently much puzzled over the weight of same and would pick it up, set it down and then pick it up again and jounce it around, his bewilderment being relieved only when placed in custody at which time he was wearing a hat belonging to D. W. McNeill, one that Mr. McNeill had been wearing himself and not out of stock. Bragg, who is now in the city jail, refuses to talk or implicate his confederates.

Every grocery store has its customers who order POSTUM regularly instead of coffee.

They are former coffee drinkers who, for health's sake, changed their table drink.

If you suspect that coffee contributes to your discomfort or illness, ask the grocer for the names of several POSTUM users in your neighborhood; get in touch with them and hear their story.

Or, secure a tin of INSTANT POSTUM and try it on the family table for ten days instead of coffee.
